

Introduction

1. Introduce yourself

Good morning sir /madam

Firstly thank you for giving me this wonderful opportunity to introduce myself,

My name is shashank shrivastava . I am 21 years old . I belong to gotegaon dist-narsinghpur Madhya Pradesh I have completed b.sc in computer science from govt science college jabalpur Madhya Pradesh in 2020,

I did my schooling in s.d.m higher secondary school gotegaon

Coming to my technical skills

I have knowledge of java script ,node js ,express ,mongo db , react and hands on experience on backend development ,

Coming to my strength

I am self-motivated person

I am a quick learner

I am an honest man

I am an active listener

Coming to my hobbies

Traveling

Playing cricket

Listening to music

My short term goal is to get a job in reputed company and my long term goal is to achieve a good position and enhance my skills

I want to build my career as well as help the organization in the most productive way

2. Salary expectation

I don't have a set of numbers in my mind but I want to be fairly compensated and I will be happy to negotiate as I learn

From my research the salary range for this position is around something to something lets negotiate a fair deal based on my experience and qualification
